## The Road from Paris

Tuesday 7 June 2016

### 15.00 How Sweden will be fossil fuel free by 2045 by Anders Wijkman,

Anders Wijkman is chairing the Swedish Governments Environmental Goals Committee, in which concrete climate actions is a main concern. Their final report is expected by early June. Anders Wijkman is vice President of the Club of Rome and former Member of the European parliament and he also is senior advisor at Global Utmaning.

### 16.00 How Uppsala will be fossil fuel free by 2030 by Björn Sigurdson

Björn Sigurdson, is the climate strategist of Uppsala municipality. He is leading the work on Uppsala Climate Protocol, a network of 29 major industries, authorities and the universities in Uppsala. During its second period 2011-2014 emissions of members of the protocol were reduced by 11 %, 2.5 times above goals. The intention is to be climate neutral 2030 and climate positive 2050.

### 17.00 Discussions, snacks and drinks
